Love Water, it belongs to us all

We all love water but we're using 10% more than we could be. Let's work together to protect this valuable resource - it's the little things we do that can make a big difference. Like watering the garden early in the morning or late in the evening to avoid evaporation, or turning the tap off when brushing your teeth.

Here at Hunter Water, we're constantly thinking, researching, and investing in ways to help preserve this precious resource. To find out more about some of our upcoming initiatives, jump online to yourvoice.hunterwater.com.au!

You can also visit us at this year's Dungog Festival and bring your own bottle #BYOB to our hydration station!

Chalk Art Challenge

Get your creative juices flowing at the SUNDAY STREET PARTY Chalk Art Challenge! Command your piece of concrete to create a water-themed work of art. Kids and adults are invited to take part in a the Challenge along Dowling Street. Offering some great prizes, the competition will be led by local artists who will inspire and guide the competition.
